

COMPENSATION PER CALL

1.0 COMPENSATION PER CALL

1.1 Description of Service

(a) The assessment of an access charge for each toll-free call from the Company's public or semi-public telephones ("pay telephones") is referred to as "compensation per call."

1.2 Terms and Conditions

(a) The compensation per call charge applies to the IXC, for each completed toll-free call that originates from a Company pay telephone and is carried by the IXC, except in limited situations where the toll-free call cannot be captured due to technical limitations.

(b) Additional toll-free calls initiated through the use of the "next call" key on the pay telephone are also subject to the compensation per call charge. However, additional toll-free calls achieved through the use of dialing sequences on the IXC's platform are not subject to the compensation per call charge.

(c) Toll-free calls are considered completed when the call is answered.

(d) Each month, the Company will send the IXC a composite electronic list of the toll free numbers that originated at the Company's pay telephones and were carried by the IXC. The list will include the toll-free numbers that were called and the number of times they were called in the previous billing period. This information is available on a disaggregated basis by originating exchange and, if so requested by the IXC, will be provided in that manner beginning with the first complete billing period following the request.

(e) Call detail recording is not provided.
