

GENERAL TARIFF

INDIVIDUAL AND PARTY LINE SERVICE

1. GENERAL

- 1.01 Individual-line service is a grade of customer exchange service that provides for the connection of one telephone to a central-office line.
- 1.02 Two-party service is a grade of customer exchange service that provides for the connection of two main telephones to the same central-office line. The Company provides two-party service to existing two-party customers until such time as these customers move, request a reconnection of service, or request an upgrade of service, and as when facilities are available to provide single-line service. The Company offers only single-line telephone service in areas where facilities are available to all new telephone subscribers, including those who request moves or reconnections of service.
- 1.03 A concession of 100% for access service and one basic telephone set to all full-time employees of the Company who work more than 32 hours a week and who reside within the boundaries of the Company exists as an exception to the above.

2. REGULATIONS

- 2.01 The Company reserves the right to determine which party-line telephones shall be connected to any central office line and to connect business and residence telephones to the same line when the service is not impaired thereby.
- 2.02 Arrangements may be made for a customer to have two main telephone services at different locations within the same wire-centre area so that calls for both services can be received at either or both service locations. An additional bell associated with the distant service is required at each location and is charged for at the regular rate; a cut-off feature to silence such bell is available (Item 240-3.01).
  - (a) If the two services are connected to the same central office line, no further arrangements are required; the two-party line service rate applies for each service.
  - (b) If the two services are connected to different central office lines, the lines are interconnected in the central office without additional charge. Only one main telephone service can be connected to each central office line and the individual line service rate applies for each service.

3. RATES

- 3.01 Rates for individual and two-party services are given in Item 100.4.
- 3.02 Rates for persons covered by 1.03 above are as follows;

USOC	DESCRIPTION	MRC
1FLNC 1LRNC	Line rate access - employee - Business - Residence	\$0.00
