

GENERAL TARIFF

PRIVATE MOBILE - TELEPHONE SYSTEMS

1. GENERAL

- 1.01 Mobile-telephone service is furnished between a wire telephone and a mobile unit, or between two mobile units, through a base station. It is available to mobile units within range of any such station, subject to transmission, atmospheric and like limitations.
- 1.02 The base station is located at Forest, Ontario, in the head offices of The Company.
- 1.03 The mobile unit may be provided by the company or by the customer. With a company provided mobile unit the customer is to provide, install and maintain the storage battery, charging equipment, and noise suppressor on his vehicle as well as suitable outlets to permit connection of the mobile unit.
- 1.04 The mobile unit includes the transmitter, receiver, antenna, control unit, selective-signaling equipment and associated wiring.

2. RATES AND CHARGES

- 2.01 When it is necessary for the Company to install special equipment or to incur any unusual expense to meet special requirements of an applicant or customer, the company may make an additional charge based on the additional expense that it incurs.
